

Supplier RFP Response

Proposal: BrightPath Tech

Executive Summary

BrightPath Tech offers the most cost-effective and rapid deployment solution to meet your immediate needs.

Proposed Solution & Technical Fit

We propose an off-the-shelf platform customization. Integrations are standard out-of-the-box connectors. Architecture is simple and monolithic for fast deployment.

Implementation Plan & Timeline

Extremely fast timeline. Full rollout expected within 6 weeks. Team consists of offshore developers and one local project manager.

Commercial Value & Pricing

Total Cost: \$350,000.

Assumptions: Standard tier pricing. Low cost due to rapid deployment.

Security & Compliance

Basic SSL and standard data encryption. Compliance details are limited. We follow general best practices but lack formal certifications.

Support & Experience

Email-only support with 48-hour SLA. Limited experience in this specific vertical, but eager to prove our capabilities.
